## News and the Jews

The week in review

### Moving In

INN's Ariel Kahane spoke with Miriam Adler, who moved to Sa-Nur in the Shomron with her family. "We're moving today from Kiryat Arba to Sa-Nur, which is located on the strategically important Highway #60. This highway runs from Be'er Sheva in the south, northward to Hevron, past Jerusalem to Ofrah, Tapuach, Shechem, and then to Jenin and Nazareth. Sa-Nur is located near some Arab-populated areas, including at least one very hostile village. It's a place that the Arabs would like to have."

"We're not the only ones moving there," she said. "3 or 4 other families are moving today, as well as some singles. By the end of the summer we hope to reach 15 families." Miriam explained that Sa-Nur "largely emptied out over the past two years. It must be recalled that the northern Shomron suffered greatly from the Oslo War violence, and many of the residents simply could not bear it under the daily trauma of traveling with the threat of

shooting and bombs. We have therefore taken it upon ourselves to renew the community, to make sure that it is not abandoned. We don't want to give our enemies the pleasure of taking over this point. Our goal is to live here just as in a regular, normal town: we will travel when we want, and send our children to school, and do everything else that is done in a regular community."

"I believe that our move is the right one, in light of everything that is happening today. We know today that both the right and the left-wings are collapsing, and that communities are liable to be given away, and we hope that our actions will help stop this."

### Enough Already

15 Murdered and 24 wounded from Wednesday's terrorist blast in Haifa. 13 of the wounded are in "moderate" condition and two are critical. The suicide bomber blew himself up on a bus filled with young boys and girls on their way home from school.

The murderer, Shadi Kawasme, was a student in the Arab Polytechnikum University in Chevron, which has produced dozens of suicide terrorist murderers over the years.

## PEOPLE of the BOOK

### The Only Answer

The answer that *The Land of Israel* belongs to the Jews benefits even the non-Jew. The only claim which can possibly help and the one they are embarrassed to state to the nations is the claim written in the Torah. Such an inner exile in relation to the non-Jew has never occurred in history even outside the Land of Israel. The exile-oriented submission before the non-Jew is expressed in everything in *Chochmah, Binah, and Da'as*; and in thought, speech, and action. *Lag BaOmer, 5738 1978*

Those who were prepared to surrender the territories, extended the exile and postponed the redemption for many years! The Jewish people is a chosen nation, and one must be proud of this. The purpose of the darkness of the exile is for the Jew to scream out to the Holy One to take them out of exile. A Jew, in essence, cannot become nullified by a majority only non-Jews do. *Motzoei Shabbos Balak, Yud-Zayin Tammuz, 5738 1978*

Based on talks of the Rebbe Concerning the Integrity of the Land of Israel, 5738(1978)

## STUFF you should know

### Bombs And Toys

The Palestinian Authority generates lies and libels about Israel both in English, to blacken Israel's name internationally, (e.g. Jenin massacre story) and in Arabic, to promote hatred of Israel among their own population.

The newest Arabic language libel in a report this week on PA TV was that Israel is now making bombs and mines designed as toys and dropping them from airplanes in populated areas where children play with them and are blown up. Last year PMW reported the Arab libel that Israel was dropping poisoned candies from helicopters in front of schools in order to poison children. This new one is in that same vein.

In addition, the program restated numerous old libels and lies, such as Israel is planning to destroy the Al Aksa Mosque, The Jewish holy Temple was not on the Temple Mount in Jerusalem, Israel desecrated the Church of the Holy Sepulcher, and many others.

### G-d Has His Own Plans

"I, as a military man, believe that the time has come to enter into a battle of annihilation."

Syrian Defense Minister
