News and the Jews

The week in review

Freedom Of Speech

A small group of right-wing demonstrators led by Baruch Marzel and Itamar Ben-Gavir were distanced by police Thursday night, not permitting them to protest the meeting of Prime Minister Ariel Sharon and PA Prime Minister Abu Mazen.

Loyal Citizen

A gag order has been lifted on the publication of the rest of a 21-year-old Israeli Arab, a resident of Um el-Fahm. The Israeli citizen, a member of Hamas, admitted to his part in the conspiracy to perpetrate a major terror attack in a Hadera shopping mall.

The suspect, Muhmad Majanah, was to have used his vehicle to escort the

terrorist's vehicle, to warn of checkpoints or police presence en route to the attack.

Majanah, a former resident of PA-controlled Jenin, was granted Israeli citizenship under the law permitting reuniting of families.

Too Little, Too Late

Tourism Minister Benny Elon told reporters that Prime Minister Sharon expressed regret for his use of the word "occupation" in referring to Israel's presence in the Biblical areas of Judea, Samaria and Gaza - but it's too late. "An error from the mouth of the ruler is irreversible, even if he regrets it afterwards," Elon said, according to Ynet. "Very hard Israeli public relations work goes down the drain from one mistake like that." MK Uri Stern, also of the National Union party, said that "occupation" is a major code-word de-legitimizing Israel's position and granting legitimacy to terrorism.

STUFF you should know

Holocaust Denial

The following is the PA TV interview with Ismail Elbakawi, translator of the book: "The Fundamentalism of the Jews in Israel." Elbakawi is discussing a book called: "The Holocaust Industry" and his statements are supported by the interviewer.

Elbakawi:

"[The Holocaust] was a real event that occurred from 1939 to 1945. However, it did not just affect the Jews in Europe, but also other nations including the Poles, the Hungarians, the Russians - as you remember, 20 million Russians were killed and Germans, and Gypsies. They were annihilated and killed as a result of the war, and not due to a prior plan... It is possibly true that Hitler planned the extermination of disabled Germans. It is likely that these things are true, I don't know... This is the historical truth: the true Nazi Holocaust. I apologize for using the word "Holocaust". This is a word that they try to attach only to the Jews who were killed, but I use this expression in the human sense. It can also be used to refer to the Palestinians and the suffering that the Israelis [have caused] them. The Palestinians also have their own private Holocaust, and this is also true of the Gypsies, etc. PA TV May 27, 2003

PEOPLE of the BOOK

Plan A Scheme And It Will Be Annulled, Because G-d Is With Us Part VI

...The following must now be done: A rabbi must be designated to stand up and expound, according to Torah, the sole Jewish claim to the Land of Israel. Afterwards, all the other seventy-one Rabbonim will concur, and the whole world will answer, 'Amen, Amen.'

So may it be, that in the immediate future the entire Jewish people will go out of exile; whether they be currently outside of the Land of Israel, or those who find themselves in the Land of Israel (they will leave the exile which even exists *in* the Land of Israel, since the Holy Temple has not yet been rebuilt there).

And then all the Jews will go out to welcome our holy Messiah, and not a single Jew will be left in exile.

There are those who will consider this a joke — let them think what they like. But as for those who take this matter seriously — just as it is acceptable to them, so may it become accepted by everyone.

The most important thing is concrete action: The entire Land of Israel belongs to every Jew and to all the Jews, and no one has been appointed custodian with the right to change this; neither a gentile, nor even a Jew.
