News and the Jews

The week in review

Arafat Ceasefire IV

Since Yasser Arafat announced his acceptance of the Ceasefire Tuesday night that was brokered by CIA Chief George Tenet, there have been round-the-clock mortar rocket, grenade and shooting attacks, targeting areas throughout Israel.

The attacks have left one man dead, one female moderately wounded by gunfire and a third person, a male, lightly wounded by gunfire.

A GSS agent was killed Thursday morning in an attack on the Minharot road and his bodyguard was injured by gunfire in his neck and jaw.

The security officials were on their way to a prearranged rendezvous in the area when an Arab informant known to the victim pulled his car aside that of the GSS official. The informant, Ayoub D'adra, got out of his vehicle, approached his GSS handler, pulled a handgun and fired at point-blank range. The officer died of his injuries shortly thereafter. The 20-year-old bodyguard although wounded, managed to fire at the fleeing terrorist, killing him. He was then transported to a Jerusalem trauma center.

PEOPLE of the BOOK

"Peace Now" – the spies of our times.

... And the argument of [the movement of] "Peace Now", as well as the argument of the Communists and (to differentiate between them,) the Arabs, is exactly as the argument of the spies in their time (the spies who were sent by Moses, to see how to conquer the land of Canaan (Israel)), that "the nation dwelling in the land is strong," and thus the land of Israel should not be conquered and settled:

Since Jerusalem has sixty thousand Arabs inhabitants, they are much stronger (in number) than its Jewish inhabitants, [as in the wording of the earlier spies], "they are too strong for us" (Numbers 13:31). Therefore, it is unnecessary to enable the Jewish people to live in the city "wherein David dwelt" (Isaiah 29:1)...

Our Men In Office

Attorney-General Elyakim Rubenstein has decided to open a criminal investigation against Arab MK Azmi Bishara. The MK's anti-Israel tirade in front of hundreds of Syrian officials, broadcast on Arab television, this past Sunday will be the subject of the investigation. Also under consideration is the suspension of Bishara's Israeli citizenship. The National Religious Party demands that Attorney-General Elyakim Rubenstein declare Bishara's Balad party a terrorist organization and therefore illegal.

The Youngest Victim

Five-month-old Chaim Yehuda Shoham, killed by a Palestinian-hurled rock, was buried in Shilo Monday night. One of the thousands who took part in the four-hour funeral, which began outside the Prime Minister's office, was Sharon himself.

Law And Order

The security officer of the Gaza Coast Regional Council, along with the security officer of the southern Gaza community of Morag and a third person have been arrested and were questioned by police.

Following the mortar attack against the community of Morag, the three fired at the Arabs that launched the attack. An IDF officer spotted their gunfire, reported it to police and the three were promptly placed under arrest.

STUFF you should know

"Jew, Fight Fair!!"

In contrast, the U.S. sent over a thousand armed law enforcement officers in with heavy equipment and killed, instead of arresting, the Branch Davidians of WACO. Janet Reno admitted it, but called it a mere "show of force." In retaliation for the undisputed excessive force in WACO there was a bombing in Oklahoma. Today, they are executing the Oklahoma bomber, Timothy McVeigh. Yet those bombers that exploded buses and marketplaces in Israel's major cities Jerusalem, Tel Aviv, Hadera, Petach Tikvah go free. While Israel's streets are strewn with scattered body parts, Israel blows up some vacant buildings and sets up yet more roadblocks. The State Department considers that excessive force and Mitchell is screaming "Jew, fight fair!"

You know what they want from us? They want us to react to the Arab murderers the same way that we did to the Nazis who tortured, mutilated, and killed over six million of us. Do Nothing! We are too civilized to respond directly to the intentional slaughter of children and we even applaud granting the Nobel Prize to the killer of the Ma'alot children and numerous other women and children. No, we Jews are civilized and after the Arabs kill the last Jew in Israel we are expected to collect money to make yet another museum dedicated to the memory of the innocent victims of another genocide and click our tongues. If we do anything more than that, someone from the Coliseum will scream "Jew, fight fair!" *By Uncle Sam(aria)*

SAY WHAT?

Running Out Of Ammo?

"Have you run out of stones in Hebron? Prepare the stones."
