The week in review

Rocks Don't Kill?

Thursday, one Israeli was killed and four were injured, three moderately to seriously, as a result of a stone throwing attack by Arabs on the road near Beit El, in the Binyamin region. The attackers pelted the car with rocks as it made its way along the road, causing the driver to lose control of the vehicle, which overturned.

Fifth Column

Twenty five cells of Israeli Arab citizens were involved in terrorist activities over the past year according to GSS director Avi Dichter, who briefed members of the Knesset Foreign Affairs & Defense Committee.

MK Michael Kleiner, a former army intelligence officer, commented that anyone who believes the terrorism problem will be solved by a fence must realize the problem also exists among Israeli Arab citizens.

A New Threat?!

PLO launched two Kassem-2 rockets, Sunday. One of them landed near the Negev desert's Kibbutz Saad, and another landed close by in a moshav called Shuva. The range of the Kassam-2 is at least 8 kilometers, such that from points in Judea and Samaria, Jerusalem, Hadera, Afula and other cities would be within range.

GSS director Avi Dichter told the Knesset Foreign Affairs and Defense Committee that the PA has already fired Kassam-2 rockets in October. but they went unreported.

Bringing Lebanon To Gaza

Three soldiers were killed in the powerful bomb blast targeting a Merkavah-3 tank at about 9:00pm on Thursday night. The tank was responding to an earlier shooting attack against a passenger bus near the northern Gaza community of Netzarim when the powerful armor-piercing blast was detonated. A fourth member of the tank crew was transported to the Soroka Medical Center in Beersheba. Both the Hamas and Islamic Jihad terror organizations claimed responsibility for the attack.

STUFF you should know

Merciful And Compassionate

An obituary featured Sunday on the front page of the PLO daily "Al Ayyam" glorified the terrorist who murdered a Jewish mother, her 10-year old handicapped daughter and an IDF soldier in Hamra last week.

Palestinian Media Watch (PMW) provided the following translation:

"In the name of Allah the merciful and compassionate... With great pride and esteem, and with faith in the destiny determined by Allah, the Hamas movement Alkassam in the district of Jenin is happy to notify the Arab, Islamic nation and our jihad-fighting Palestinian people that the heroic Martyr from Alkassam, Muhammed Ziad Alkhalili, carried out the brazen suicide attack in Hamra in the [Jordan] Valley, to avenge the execution of the commanders of the Martyr brigade Az A-Din Alkassam by the occupation forces in Nablus. We pray that Allah will grant a haven for the heroic Martyr with His plentiful mercy, and will house him in His vast gardens together with the Martyrs, the prophets, and the true believers."

PEOPLE of the BOOK

Abandoning Parts Of Eretz Yisroel Is A Desecration Of His Name.

It is unfathomable that a Jew who believes in G-D and His Torah could be a party to such actions, or could add his signature to such an arrangement. Likewise, it is preferable that the (Shamir) government should fall and there should not be a Jewish government, since the only reason they are even discussing these plans is because of pressure from the nations (as they themselves admit.) This being the case, it would be preferable that they establish -- G-D forbid -- a non-Jewish government in Eretz Yisroel who will from the outset decide what to do with Eretz Yisroel - at least then there will not be Jews signing on such agreements!

You certainly know Mr. Menachem Begin who at the outset did not agree with the Camp David ideas and was strongly against them. Eventually, however, he began to make compromises, and from what we hear today, he has great remorse over having given up a part of the Land of Israel. Had it been people who do not believe in G-D who were responsible for this, it would be possible to understand. But that the signature for abandoning parts of Eretz Yisroel should emanate from Jews who believe in G-D - this is a desecration of His Name.

The Lubavitcher Rebbe to (Israeli President) Moshe Katzav, 10 Shevat, 5752; January 15, 1992.
